To make it easier for you to read, here is our specially developed size guide, specific to Salomon shoes.

MEASURE YOUR FOOT

Get yourself a ruler and measure the length of your foot using the pedimeter to be downloaded and printed : Size guide
Find your shoe size. For mixed sizes the US sizes indicate the equivalent Woman / then for Man
Select from the tables the measurement you have just taken. Your size is displayed on the right !

PRINT ME AT 100%

To verify, take your ruler and measure the scale below. It must be 3 cm

DETERMINE YOUR SHOE SIZE

- 1 Stand against a wall, place your foot on the pedimeter sticking your heel on the dotted line.
- 2 Your foot flat on the ground, measure its length by tracing a line at the end of your longest toe.
- 3 Add 0.5 cm to the measured length (Your foot expand during the effort).
- 3 To know your shoe size, compare the measured length to the guide tables provided.
